

Sharwan Solanki

CS Undergrad.

I'm a 19-year-old Programmer / Developer / CS Undergrad currently living in Hyderabad. I've got a burning passion to want to help others with the code I create. I enjoy the limitless potential of impact that I can have on what I'm building. It's what pushes me to become a better developer every day. Other than coding, I love watching anime.

98.6%

WORK EXPERIENCE

Beta Tester Dark

02/2020 – Present

Helping to improve the language.

Software Engineering Virtual Experience JPMorgan Chase & Co.

05/2020 – 05/2020

Achievements/Tasks

- Added a chart to a trader's dashboard allowing them to better identify under/ over-valued stocks.
- Deployed an interface for relevant financial data feed and made the necessary adjustments to facilitate the monitoring of potential trade opportunities.
- Worked on JP Morgan Chase & Co. frameworks and tools.
- Displayed the data visually for traders (Trader's Dashboard) and used the Perspective (An interactive visualization component for large, real-time datasets) to work on the client-side web application so that it displays a graph that automatically updates as it gets data from the server application.

Reporter / Sub-Editor Workplace/Company

09/2019 – Present

Compendium is the News and Publication Society of Institute Of Aeronautical Engineering
